Glen Canyon Special Service District of Big Water

The projects have started! Thank you for all your patience. The water line to the south end of town should be complete soon. Next will be the radio read meters. These meters will allow you to track your water usage at any time. We would like to stress again that once these meters are installed meter lids must remain in place and not be tampered with. In the case of an emergency or a water leak the meter lid can be removed. If damage to the lid or meter has occurred it will be the property owner's responsibility to pay for the repairs. If you have any questions or concerns about any of these projects please call town hall and we will be happy to answer.

Dinosaur Festival

It's getting close to that time of year again. We are looking for vendors and volunteers! Call Jenni Johnson 435-375-3760
