Water Transfer Update

The town of Big Water has been working diligently for many years to bring the control of our water system under the town. Last year that was made possible by the Utah Division of Drinking Water. A new service district was created under the town and will be called the Glen Canyon Special Service District of Big Water. With the creation of the special service district there will be some improvements to the water system. Improvements will include a water line going to nine lots at the south end of town, automatic read meters, tank refurbishment and backup generators. There will be no changes to water payments or the assessment on the taxes until a later date and after plenty of notification. Public hearings will be held.

Ways to Pay Utility Bills

Cash, Card, Check

bigwatertown.org

Phone

Drop slot at Town Hall
under announcement board.

Big Water Care and Share is looking for customers!! Come down and see if you qualify.

Open every 1st and 3rd

Thursday
